**Support Crew:** need to get team to start line (Approx 30mins from Stratford) for registration at 7:00am Sat, Race briefing at 7:30am, Race start 8:00am  
SC then can drive to TA1 (plenty of time to do this) and catch up with the team/ restock supplies etc.

When teams leave on the MTB 2 stage, there will be ample time to drive to the finish line and can see the team before they leave on final Rogaine and come back to the same spot for the finish. Prizegiving to follow completion of the race.

If SC don't want to go to TA1, (it can be optional) they can leave a box of supplies (with lid!) with Munter Crew at the Start line and they will move it to TA1 and bring to finish line.

Specific **Start line location** will be published on website and Facebook page on Friday afternoon...

For teams who are **Paddling**, support crew can bring the gear to TA1, it will need to be picked up before teams leave for MTB2.
